INTRODUCTION

The Professional Evening MBA (PEMBA) Handbook is a reference document that delineates the current policies and procedures for PEMBA students. Students should become familiar with the policies and use the Handbook as a resource throughout their PEMBA Program. It is revised each year to reflect new or changed policies and procedures.

Policies and procedures may differ based on whether a student is enrolled in a single-degree or dual degree program, or if a student is Cohorted, Flex Track, or Accelerated Core. These program differences are noted in this Handbook for each applicable category.

PEMBA Program Curriculum

Students are admitted to the PEMBA Program as General Management, Accelerated Core, Health Sector Management, Public and Nonprofit Management, or dual degree – programs offered in conjunction with other Boston University Schools and Colleges. Once enrolled, students have the opportunity to formally concentrate in Energy and Environmental Sustainability, Entrepreneurship, Finance, Leadership and Organizational Transformation, Marketing, Operations and Technology Management, and Strategy and Innovation. General Management PEMBA students, including those in the Accelerated Core, wishing to join either the Health Sector Management Program or the Public and Nonprofit Management program should meet with the program faculty director and their advisor.

PEMBA Curriculum Options

The next few pages will take you through the **Single-Degree PEMBA Programs**, (Flex Track, Cohorted, Accelerated Core, Public and Nonprofit Management, and Health Sector Management programs) and the **Dual degree Programs** (MBA/MA in International Relations, JD/MBA, MBA/MS in Manufacturing Engineering, and MBA/MA in Economics). Please note: ALL students are required to complete the MBA program within six years.

Cohorted PEMBA Program – 56 credits

In the Cohorted Program, students move through the first 5 core curriculum courses and with the same group of students. The cohort experience enhances the role of teams and continuity of content between courses. The cohort option is only available to PEMBA students who begin in the fall semester in Cohort A or Cohort B. Students are automatically enrolled in 3 courses for the fall semester, 2 courses for the spring semester, and 1 course during the first summer session. Students must follow the prescribed curriculum, excluding courses that they have waived, to remain in the cohort. Since cohorted students take five of their core courses before their electives, it is important that they build a relationship with their Grad Center advisor to plan out the best elective program to fit their professional goals.

Flex Track PEMBA Program – 56 credits

In the Flex Track program, students determine the pace and course load that works best for them. We strongly advise that all PEMBA students follow course prerequisites and generally follow the sequence of courses presented on the curriculum map below. As you plan your courses, be aware that not all core courses are offered year-round, and only a limited number of courses are offered during the summer.

PEMBA Accelerated Core Program – 52 credits

PEMBA Accelerated Core leverages students' prior business education with accelerated core that gives students the opportunity to earn their degree in less time, while also taking an extra elective. All Accelerated Core students complete their core curriculum together in one year and take a total of nine electives, which they can take at their own pace. It takes an average of two and a half years to complete

the program. Accelerated Core PEMBA students have the option to concentrate in one or more of the seven concentrations.

PEMBA Accelerated Core students will be pre-registered for all courses from MOD 1 to MOD 5 (Fall to Summer I). After completing MOD 5, Accelerated Core students will be responsible for registering for their 9 elective courses, which they can take at their own pace. All students, including those in the Accelerated Core, are required to complete the MBA program within six years.

Students must continually adhere to the Accelerated Core Curriculum map for enrollment during Fall, Spring and Summer of the first year. Any deviation from the curriculum as outlined will result in not being able to continue on the Accelerated Core track. In addition, students would be at risk of losing or being required to repay all of their scholarship and/or federal and private educational loans if there is any change to enrollment.

PEMBA PROGRAM GRIDS

Single Degree MBA Curriculum – 56 Credits

Pre-Term (1 Credit)	Core (27 Credits)	Business Law (2 Credits)	Executive Skills (2 Credits)		Electives (24 Credits)
MG705: PEMBA LAUNCH (1 Credit)	OB712 Leading Organizations and People (3 Credits)	PL700 Introduction to Business Law (2 Credits)	Executive Communication Courses (<i>must select at least ONE</i>)	Career Development ES707 Managing Career Growth (1 Credit)	Eight elective courses at 3 credits each or any combination of approved Questrom coursework totaling 24 credits. This can include Questrom electives, approved graduate electives from other schools at BU, or directed studies.
	AC711 Financial Reporting and Control (3 Credits)				
	FE722 Financial Management (3 Credits)		or		
	MK724 Marketing Management (3 Credits)		ES700 Executive Presentation (1 Credit)		
	QM717 Data Analysis for Managerial Decision- making (3 Credits)				
	FE730 Economics and Management Decisions (3 Credits)				
	IS711 IT Strategies for a Networked Economy (3 Credits)				
	OM726 Creating Value through Operations & Technology (3 Credits)				
	SI751 Competition, Innovation, and Strategy (3 Credits)				

The curriculum and courses are subject to change as recommended by faculty, deans, and administrators of Questrom.

Health Sector Management Program – 56 Credits

The Health Sector Management Program augments the core PEMBA curriculum with required courses that provide an in-depth understanding of the structure and operation of the health sector.

Pre-Term (1 Credit)	Core (27 Credits)	Business Law (2 Credits)	Executive Skills (2 Credits)		HSM Requirements (12 Credits)	General Electives (12 Credits)
MG705: PEMBA LAUNCH (1 Credit)	OB712 Leading Organizations and People (3 Credits)	PL700 Introduction to Business Law (2 Credits)	Executive Communication Courses <i>(must select at least ONE)</i>	Career Development ES707 Managing Career Growth (1 Credit)	HM703 Health Sector Issues and Opportunities (3 credits)	Four elective courses at 3 credits each or any combination of approved Questrom coursework totaling 12 credits. This can include Questrom electives, approved graduate electives from other schools at BU, or directed studies.
	AC711 Financial Reporting and Control (3 Credits)					
	FE722 Financial Management (3 Credits)					
	MK724 Marketing Management (3 Credits)					
	QM717 Data Analysis for Managerial Decision- making (3 Credits)					
	FE730 Economics and Management Decisions (3 Credits)					
	IS711 IT Strategies for a Networked Economy (3 Credits)					
	OM726 Creating Value through Operations & Technology (3 Credits)					
	SI751* Competition, Innovation, and Strategy (3 Credits)					

The curriculum and courses are subject to change as recommended by faculty, deans, and administrators of Questrom.

Public and Nonprofit Management – 56 Credits

The mission of the Public and Nonprofit Management Program (PNP) at Boston University is to prepare graduates to be strategic and effective leaders of nonprofit organizations and social enterprises in the public, nonprofit, and corporate sectors.

Pre-Term (1 Credit)	Core (27 Credits)	Business Law (2 Credits)	Executive Skills (2 Credits)		PNP Requirements (12 Credits)	General Electives (12 Credits)
MG705: PEMBA LAUNCH (1 Credit)	OB712 Leading Organizations and People (3 Credits)	PL700 Introduction to Business Law (2 Credits)	Executive Communication Courses <i>(must select at least ONE)</i>	Career Development ES707 Managing Career Growth (1 Credit)	OB841 Fundamentals of Nonprofit Financial Management (3 credits) Three PNP elective courses at 3 credits each Students are required to complete a 300-hour paid internship in a public, private, or nonprofit organization. PEMBA students may waive the internship requirement with applicable work experience, pending permission of the PNP faculty director.	Four elective courses at 3 credits each or any combination of approved Questrom coursework totaling 12 credits. This can include Questrom electives, approved graduate electives from other schools at BU, or directed studies.
	AC711 Financial Reporting and Control (3 Credits)					
	FE722 Financial Management (3 Credits)					
	MK724 Marketing Management (3 Credits)					
	QM717 Data Analysis for Managerial Decision- making (3 Credits)					
	FE730 Economics and Management Decisions (3 Credits)					
	IS711 IT Strategies for a Networked Economy (3 Credits)					
	OM726 Creating Value through Operations & Technology (3 Credits)					
	SI751 Competition, Innovation, and Strategy * (3 Credits)					

The curriculum and courses are subject to change as recommended by faculty, deans, and administrators of Questrom.

PEMBA Accelerated Core – 52 Credits

PEMBA Accelerated Core leverages students’ prior business education with accelerated core that gives students the opportunity to earn their degree in less time, while also taking an extra elective.

First Year					Second Year			Third Year		
FALL		SPRING		SUMMER	FALL	SPRING	SUMMER	FALL		
9 credits		9 credits		9 credits	7 credits	6 credits	6 credits	6 credits		
LAUNCH	MG705: PEMBA LAUNCH (1 cr)	January Intensive	ES727: Business Communications (1 cr)	Summer Intensive	MG760: Integrated Core Simulation (2 cr)	ES707: Managing Career Growth (1 cr)	Elective (3 cr)	Summer 1	Elective (3 cr)	Elective (3 cr)
AC712: Topics in Financial Reporting and Control (2 cr)	OM710: Topics in Operations Management (2 cr)	PL700: Introduction to Business Law (2 cr)								
Module 2	MK713: Topics in Marketing Management (2 cr)	Module 4	FE717: Topics in Financial Management (2 cr)	Summer 2	Elective (3 cr)	Elective (3 cr)	Elective (3 cr)	Summer 2	Elective (3 cr)	Elective (3 cr)
	PL714: Topics in Managerial Economics (2 cr)		IS716: Topics in Analytics and Info Tech Strategies (2 cr)							

DUAL DEGREE PROGRAMS

Dual degrees with other BU Schools and Colleges

Dual degree candidates must fulfill the degree and residency requirements of both schools. The curriculum chart below represents the 32-credit residency requirement of the Questrom School of Business PEMBA program (excluding Accelerated Core students, who have different courses to make up their 32 credit residency requirement). Students who waive core courses are required to take additional Questrom electives. If any Questrom course is counted toward the other degree program, the course must be replaced with a Questrom elective. Please contact your advisor for MBA degree requirements. *Please note that students in the Accelerated Core program are not eligible for a dual degree.*

Pre-Term:

MG705 PEMBA LAUNCH 1 credit

Core Courses:

OB712 Leading Organizations and People 3 credits
AC711 Financial Reporting and Control 3 credits
QM717 Data Analysis for Managerial Decision-making 3 credits
MK724 Marketing Management 3 credits
FE722 Financial Management 3 credits
FE730 Economics and Management Decisions 3 credits
IS711 IT Strategies for a Networked Economy 3 credits
OM726 Creating Value through Operations & Technology 3 credits
SI751 Competition, Innovation, and Strategy 3 credits

Business Law Course:

PL700 Introduction to Business Law 2 credits

Executive Skills Courses:

Executive Communications (select ONE) 1 credit
ES701 Executive Written Communication
ES700 Executive Presentation

Career Development 1 credit
ES707 Managing Career Growth

TOTAL CREDITS REQUIRED FOR QUESTROM RESIDENCY: 32

Dual degree programs available to PEMBA students (excluding Accelerated Core PEMBAs) include:

MBA/MA in International Relations

For information on the MA portion of the degree, please contact the Department of International Relations in the Graduate School of Arts and Sciences at 617-353-9349 or psgsgrad@bu.edu.

MBA/MA in Economics

For information on the MA portion of the degree, please contact the Department of Economics at (617) 353-4453 or econma@bu.edu

MBA/JD in Law Management

For information on the JD portion of the degree, please contact the School of Law at (617) 353-3100 or bulawadm@bu.edu.

MBA/MS in Manufacturing Engineering

For information on the MS portion of the degree, please contact the College of Engineering at 617-353-2814 or bumeche@bu.edu.

ACADEMIC POLICIES AND PROCEDURES

Assistant Directors & Student Advising

Questrom is committed to providing academic advising to all graduate students to help them complete degree requirements successfully and achieve the maximum benefit from their educational opportunities. Assistant Directors are available in the Graduate Academic & Career Development Center (Grad Center) to discuss course selection, decisions about concentrations, completion of degree requirements, and available resources/services.

Attendance Policy

Students should be aware that attendance is a critical part of Questrom graduate education and that absences may adversely affect a student's grade. Planned absences include classes missed for personal reasons such as job interviews and personal commitments (e.g., travel, attending a wedding) and unplanned absences for illness and family emergencies. For all absences, it is the student's responsibility to inform the faculty of this absence as soon as it is known. Students should also consult their course syllabi or contact individual faculty to understand the specific policies regarding missed classes that apply to the specific course.

Grades

All credit courses at the Questrom School of Business are graded on a letter scale according to the following criteria:

Level	Grade	Honor Points Per Credit
Superior Performance	A	4.0
	A-	3.7
	B+	3.3
	B	3.0
	B-	2.7
	C+	2.3
	C	2.0
Lowest Grade Acceptable for Credit	C-	1.7
Pass (credit only)	P	n/a
Failing Grade	F	0.0

Policy on Grade Grievances for Graduate Students

Grading is the prerogative of the faculty and is based upon a student's performance against a clearly articulated set of assignments, expectations, and standards.

Arbitrary grades are defined as those:

- assigned to a student on some basis other than performance in the course; or,
- assigned to a student by resorting to unreasonable standards different from those which were applied to other students in that course or section of the course; or,
- assigned to a student on the basis of criteria that are a substantial, unreasonable, and unannounced departure from the instructor's previously articulated standards.

Issues that do not meet one or more of these criteria of arbitrariness are not appropriate bases for a grade appeal under this policy. Only final course grades may be formally appealed. Grades that are the result of academic misconduct are not appealable. All grievances must be made in a timely manner within six weeks of the official posting of the grade.

Before filing a formal appeal, a student is urged to resolve any grievance informally by meeting with the instructor responsible for the grading of the course to discuss the student's concerns. The student is responsible for bringing copies of all relevant information to the meeting (i.e., course syllabus, assignment sheet, graded work). The student should be prepared to show evidence of arbitrary grading. The instructor is expected to discuss the student's concerns and to explain the basis for determining the grade.

If the student and the instructor are unable to arrive at a mutually agreeable solution, the student may file a formal appeal with the department chair of the instructor. The written appeal must detail the basis for the allegation of arbitrary grading and present adequate evidence that supports the allegation. The chair may seek to informally resolve the matter between the instructor and student or determine a resolution after review of all materials.

If the student wishes to appeal the chair's decision, they may do so to the Faculty Director of the student's degree program. Finally, the student may appeal the chair and faculty director's decision to the Dean, who will render a final decision.

Incomplete: "I"

A grade of "I" indicates that course requirements, such as a final exam or written course work, have not been completed by the end of the semester. An "I" grade is given at the instructor's discretion. The student must arrange with the instructor to complete the remaining requirements by the date determined by the instructor and no later than the end of the following semester (not including summer term). Being on a Leave of Absence does not extend the one semester time frame for completing outstanding work. When the work is completed, the instructor will determine the final grade.

If work is not completed and a final grade is not submitted within one full academic semester from when the "I" was issued, the "I" will be converted into an "F" grade. In extenuating circumstances, a student may petition for an extension of the time limit to complete the work. The instructor who gave the "I" grade must endorse the written petition, which must then be submitted to the Grad Center. Students with incomplete grades in core courses, excluding Executive Skills and PL700, are not eligible to be inducted into Beta Gamma Sigma, the national business honor society.

An "I" grade has no honor points; therefore, it is not calculated into the cumulative GPA. When the professor reassigns the grade once the student completes the work, or when the "I" converts to an "F" following the procedures outlined above, the grade for the course is then included in the calculation of the GPA. **Students may not graduate with an "I" grade on their transcript for courses counting towards their degree requirements.**

Course Withdrawal: "W"

A grade of "W" in a course indicates that the course was dropped after the semester deadline to drop a class without a "W." A student who withdraws from a course forfeits the right to complete the course in that semester and to receive a grade. Students are charged full tuition for "W" grades. Because all Accelerated Core courses are cohorted, any student in the program who does not successfully pass a required Accelerated Core course (through withdrawal or a failing grade) will be required to take the standard version of the required course for 3 credits.

Course Failure: "F"

A grade of "F" indicates failure to pass the course. A student who earns a grade of "F" in a core course (including Introduction to Business Law and Executive Skills classes) must repeat that course with a

passing grade. A student who earns a grade of "F" in an elective course must subsequently repeat that course or take another elective and earn a passing grade. When a course is repeated, both the "F" and the subsequent grade remain on the student's permanent record, and both grades are included in the calculation of the cumulative grade point average (CGPA). Because all Accelerated Core courses are cohorted, any student in the program who does not successfully pass a required Accelerated Core course (through withdrawal or a failing grade) will be required to take the standard version of the required course for 3 credits.

Retaking Courses

PEMBA students cannot retake a course that has been successfully completed in order to improve their grade performance and/or CGPA. PEMBA students also cannot "Audit" a class first and then retake it for credit. Courses for which a grade of "F" or "W" have been received can be retaken because "F" and "W" grades cannot be used to satisfy PEMBA requirements. Students may not take a waiver exam for courses in which they have received an "F" or a "W." PEMBA students can retake non-Questrom graduate electives at Boston University in which they have received a grade below "B-" because only non-Questrom electives with grades of B- or higher can be used to satisfy PEMBA degree requirements.

Grading Guidelines

Questrom School of Business follows school-wide voluntary guidelines for MBA core courses that are graded:

- No more than 40% of grades in a class should be in the A or A- range
- Grades in the C+, C, or C- range are legitimate passing grades, and they should be used in the case of very low performing students.

Questrom School of Business follows school-wide voluntary guidelines for MBA elective courses that are graded:

- No more than 50% of grades in a class should be in the A or A- range

Cumulative Grade Point Average (CGPA)

All graded graduate-level courses taken at the BU Questrom School of Business to fulfill the PEMBA requirements are included in the computation of the cumulative grade point average (CGPA). Grades are computed on a 4.0 scale. Please note that MG705, ES700, ES701, ES707, ES727, and PL700 are Pass/Fail core courses. The grade of Pass does not count toward the CGPA but **the grade of Fail does count toward the CGPA**. Coursework taken outside Questrom School of Business will not be calculated into the student's CGPA.

Calculating CGPA

In order to calculate CGPA, divide the number of grade points earned in Questrom graduate courses (QST) by the number of QST credits attempted (do not include "W" or "P" grades). The grades and credits of all repeated courses are calculated in the GPA. The following grade symbols are not given honor points, and work recorded with any of these symbols is not used in the calculation of grade point averages: AU, P, W, and MG. "I" grades are not computed until all required work is completed and an appropriate letter grade assigned. Dual degree students will have cumulative grade point averages calculated separately for each degree.

(Honor points for grade) x (credits in course) = Honor Points in Course

(Total honor points from all QST courses) ÷ (total QST credits attempted) = Cumulative GPA

Grade Verification

Federal law prohibits staff members from giving grades over the phone or via email. Students may receive their grades in one of the following ways:

- Students may obtain an unofficial or official copy of their grades/transcript by logging on to the Boston University Student Link at www.bu.edu/studentlink, click on Academics, then on Transcript Preview and Ordering;
- At any time, a student may request a grade mailer in person at the Office of the Registrar: <http://www.bu.edu/reg/>.

Academic Honors

Honors will be awarded to graduates whose cumulative Questrom grade point average (CGPA) is 3.55 or higher. High honors will be awarded to graduates whose Questrom CGPA is 3.70 or higher.

Beta Gamma Sigma

The highest achieving PEMBA students are eligible for induction into the Beta Gamma Sigma International Honor Society. Selection for Beta Gamma Sigma is made each spring on the basis of cumulative GPA, once students have applied for graduation. Students who fail to submit an Application for Graduation by the date indicated in the graduation section of this handbook will not be reviewed for Beta Gamma Sigma eligibility.

Academic Performance Review for MBA and Dual Degree Students

The Graduate Academic & Career Development Center (Grad Center) monitors students' academic performance at the end of modules, fall, spring and summer semesters up until the time of graduation. An MBA or dual degree student must maintain a cumulative Questrom grade point average (CGPA) of at least 2.70 (on a 4.0 scale) to be in good academic standing (i.e., to graduate). Coursework taken outside Boston University Questrom School of Business is not calculated into the student's CGPA.

The MBA Faculty Program Development Committee (PDC) has final responsibility for decisions regarding MBA and dual degree students with poor academic standing. The PDC determines whether students with poor performance will be withdrawn or permitted to stay in the MBA or dual degree program and if so, what specific steps must be taken to regain good academic standing.

All MBA and dual degree students who are not in good academic standing (i.e., with CGPAs below 2.70) after 8 credits attempted will be referred to the PDC for review. Students will be informed of their academic position via their BU email address prior to the start of the subsequent semester or module. All students in poor academic standing must meet with their Grad Center advisor (in person or by telephone) within 48 hours of receipt of this communication to discuss the situation. If a Student Statement (described below) is submitted, this is due within 72 hours of the performance notification. It is the student's responsibility to be aware of the tight window between notice and action and plan accordingly. Based on the student's Questrom CGPA there are two categories of poor academic performance:

- MBA and dual degree students with a Questrom CGPA *less than 2.70 but equal to or greater than 2.55* after 8 credits attempted will be placed on academic probation. The PDC will take one of the following probationary actions: (1) written warning, (2) written warning with requirements, or (3) required suspension for one or two semesters. The PDC determines the terms of the probation. The student will have the opportunity to provide a written statement

concerning their academic performance to inform the PDC's probation plan (see Student Statement, below). To remain in the program, students must make progress as outlined in the probation plan.

- MBA and dual degree students with a Questrom CGPA *less than 2.55* after 8 credits attempted will be informed that they have been flagged for withdrawal from the program. All withdrawal cases come to the PDC for a final review. As input into the PDC decision regarding permanent academic withdrawal, the student has the opportunity to provide a written statement explaining their academic performance (see Student Statement, below). A PDC decision for permanent academic withdrawal is final and no appeals to the PDC beyond the Student Statement are allowed.

After all program credits are completed, all MBA and dual degree students must achieve a 2.70 or higher CGPA in each of their degrees in order to graduate. Students are not permitted to take additional credits beyond the semester in which they have completed their degree requirements in order to improve their CGPA or restart enrollment, nor can they withdraw and re-enroll.

Please be aware that your CGPA can also affect your eligibility for continuing financial aid including scholarships and loans. Students must maintain satisfactory academic progress (at least 2.70 CGPA) in order to be eligible for continued Federal Stafford Loan and private educational loan funding.

Student Statement: The Student Statement is voluntary though it is strongly encouraged as it offers the sole opportunity for student input into PDC decisions. The statement is self-reflective and provides the student's explanation for their poor academic performance. The Statement is due within 72 hours of notice of poor performance by the Grad Center. The Statement is the student's individual work product and must be prepared accordingly.

Eligibility for federal financial aid is affected by a student's CGPA. Students must maintain satisfactory academic progress (at least a 2.70 CGPA) in order to be eligible for continued federal loan funding and private educational loan funding.

COURSE LOAD

Part-time Status

Students may register for **up to 11.5 credits** in a given semester to maintain part-time enrollment status. The typical course load for PEMBA students is between 3 and 9 credits per semester. Students who have been enrolled part-time since they began the PEMBA Program may register for 12 credits (and 12 credits only) in their last semester of study and pay **by the credit** (instead of paying the full-time tuition rate). To take advantage of this payment arrangement, students should notify their advisor in writing. Part-time students should be aware that enrolling in a full-time course load, even at 12 credits during their last semester, will have an impact on payment options and plans available to them.

Student Enrollment Status

Students whose enrollment status (part-time/full-time) is inconsistent with the number of credits for which they have registered are considered “out of status” by the Registrar’s Office and Student Accounting Services. Students who are “out of status” will have a hold placed on their student account and will not be included on instructors’ class lists. Students may change their official enrollment status by contacting their academic advisor.

Full-time Status

Individuals who register for **12 or more credits** are considered full-time students by the University and are charged a flat full-time tuition rate during the academic year, which covers **12-18 credits**. Every additional credit beyond 18 will incur per-credit charges. Overloading is registering for more than 18 credits in a semester.

Charges for the course overload, up to 21 credits, may be waived in the semester in which the PEMBA student will complete all MBA degree requirements. In order for the additional charges to be waived, the student must complete a Course Overload Tuition Waiver form, available on the Grad Center website: <http://questromworld.bu.edu/gradcenter/essentials/forms>.

Students who are not in good academic standing (whose cumulative grade point average is below 2.70) may not register for more than 18 credit hours per semester.

COURSE INFORMATION

Course Identification

Courses are identified with a combination of numbers and letters. On the Student Link, the course number is preceded by a school or college designation. All courses at the Questrom School of Business are represented by 'QST'. The numbers for graduate-level courses are in the 700s and 800s. Course numbers in the 700s are core requirements, and courses in the 800s are electives. Course numbers in the 900s are doctoral level and may be available to PEMBA students with permission of the instructor when noted on the schedule.

Example Only (do not use for course registration):

School	Course Section	Title	Credits	Day/Time	Instructor	Room	Notes
QST	AC710 B1	Financial . . .	3	T/R 8-9:30	Jones	HAR 322	Reserved for Cohort B
QST	MK856 F1	Consumer Beh...	3	W 6:00-9:00	Utter	HAR 310	MK723/724

Two letters are used to represent the area of study and are followed by a 3-digit number to represent the specific course. The areas of study are:

AC	Accounting
ES	Executive Skills
FE	Finance
HM	Health Sector Management
IM	International Management
IS	Information Systems
MK	Marketing
MG	General Management
OB	Organizational Behavior
OM	Operations and Technology Management
QM	Quantitative Methods
PL	Markets, Public Policy and Law
SI	Strategy and Innovation

Prerequisites

Many core courses and most electives have prerequisite classes that must successfully be completed prior to taking the course. Prerequisites are listed in the course description packet and on the schedule, both posted by the Grad Center and on the Student Link.

Pre-assignments

Professors teaching PEMBA courses may require pre-assignments, which are to be completed before the first class meeting. Pre-assignments are available in the Susilo Business Center prior to the first day of classes. Professors also utilize QuestromTools (<http://questromtools.bu.edu>), a course management system, on which they may post pre-assignments.

Evaluation of Instructors and Courses

During the last two weeks of each semester, students are asked to evaluate each course and instructor using an anonymous online evaluation form. The professor is not in the classroom when the evaluations are done. Evaluations are compiled after the instructors submit final grades and results are not made

available to the instructor until after grades are posted. Raw scores are available on Questromapps.bu.edu.

REGISTRATION PROCEDURES

Registration

The Student Link's WebReg is the vehicle used by PEMBA students to register for all of their non-cohorted classes. WebReg enables students to select classes, make schedule adjustments (drop/add), and receive immediate confirmation and/or information about a class. Although PEMBA students are not required to have course selections approved, they may be dropped from any course for which they have not completed the prerequisites. Students can review the courses for which they have registered through the Student Link (<http://www.bu.edu/studentlink>). Assistant Directors in the Grad Center are available by appointment year-round to assist students as they plan their courses. **To be eligible for federal student loans, students must be registered for at least 6 credits in a semester.**

Registration Materials

Before registration opens for an upcoming semester, the Grad Center emails students detailed information about course offerings, concentrations, registration dates and refund policies. It is the student's responsibility to check his/her BU email account, including the Grad Center Newsletter, for this important information. Students can also view information on the Grad Center Website (<http://questromworld.bu.edu/gradcenter/>).

The Questrom School of Business semester dates, as well as add/drop and refund deadlines, may be different from the University schedule. The summer session dates are always different from the University Schedule. It is important that students refer to the information provided by the Grad Center staff and that they check their email regularly for semester schedule updates.

Course Overlap Policy

Students cannot be registered and enrolled in two classes that meet at the same time as listed on the published schedule.

Adding a Course

Students may add most courses through the second week of classes using the Student Link's WebReg. For Add/Drop dates for courses not lasting the full semester, please see the schedule on the [Student Link](#).

Dropping a Course

Students may drop full semester courses using the Student Link's WebReg systems until the end of the drop period. A full semester course dropped by the drop deadline will not appear on the student's record. Full semester courses dropped after the drop deadline will be indicated on the transcript with a "W" grade, and the student will be charged for the course. Full semester courses may not be dropped later than ten full weeks after the start of the semester.

Overcharges result when PEMBA students drop a course within the drop period, but are still registered for at least one other course. Any extra amount that has already been paid will be credited to the student's account. The balance will be refunded upon request in person, or in writing, to the Comptroller's Office within Student Accounting Services. If students have received any financial aid, however, the refund must be requested through the Financial Aid Officer in the Grad Center. **To be eligible for federal student loans, students must be registered for at least 6 credits in a semester.**

Dropping a Course in the Summer

Students may withdraw from a course in either summer session using the Student Link prior to the first day of the summer session. If the drop is processed prior to the first day of either term, full tuition and

fees will be credited or refunded. If the drop is processed on or after the first day of either summer session, the student is responsible for the registration fee only. If the drop is processed after the date published by the Grad Center, the student is responsible for the full tuition and fees and will receive a "W" for the course. During the summer sessions, students can drop all of their courses—unlike other semesters—up until the first day of classes using the Student Link’s WebReg.

Dropping All Courses (September-May)

It is not possible for students to drop all of their classes using the Student Link’s WebReg during the academic year. Students who wish to drop all of their courses during the fall or spring semester should talk with their advisor and complete a Leave of Absence/Withdrawal form, available on the Grad Center website: <http://questromworld.bu.edu/gradcenter/essentials/forms/>. The effective date that the classes are dropped will be the date that the Grad Center receives the Leave of Absence/Withdrawal form. Students who are registered for classes but never attended and never dropped the classes or officially withdrew before the first day of the semester may still be accountable for a portion of the tuition, fees, and/or other charges. Refunds are determined as follows for fall and spring semesters:

<u>Date</u>	<u>Amount</u>
Prior to First Day of Classes	100% Tuition and Fees
First Two Weeks of Classes	80% Tuition
Third Week of Classes	60% Tuition
Fourth Week of Classes	40% Tuition
Fifth Week of Classes	20% Tuition
After the Fifth Week of Classes	0% Tuition

Auditing Courses (AU)

Students who wish to audit a course must have the written consent (via a course adjustment form) of the instructor for the audit to be approved. The course adjustment form must be returned to the Grad Center. The tuition charge is the same as taking the course for credit; however, students do not receive grades or credits for audited courses nor can they be used to fulfill degree requirements. Students will be allowed to audit only one course per semester. **Please note: students cannot audit a Questrom course and then re-take the course for academic credit.**

Directed Study

Students who wish to conduct research in a specific area of interest under the guidance of a faculty member may apply for directed study. Students may receive between 1-3 credits for directed study. A directed study may not substitute for a required course (including all core courses and Executive Skills courses) or duplicate an elective course. Upon completion of the directed study, the student receives a grade from the sponsoring faculty member.

PEMBA students wishing to do more than one directed study during the course of their program must attach copies of any previous directed study applications to any subsequent applications. The subsequent application will be subject to careful review to ensure that the studies are clearly non-overlapping, separate courses. A student may not do more than one directed study in a given semester.

Procedure for Directed Study

- Obtain a directed study application for MBA students from the Grad Center or download the form from the Grad Center’s website (<http://questromworld.bu.edu/gradcenter/essentials/forms/>)
- Discuss plans for directed study with an appropriate faculty member
- Negotiate area of investigation, requirements, and evaluation criteria with the faculty member

- Work with the faculty member to determine the number of credit hours for the course, based upon the proposed work load
- Complete the application for directed study and have it signed by the faculty member, Department Chair, and Program Director, if applicable
- Return the form to the Grad Center for approval no more than two weeks after the start of the semester. Upon approval, the Grad Center Registrar will assign a course number for the class and process the registration

LEAVE OF ABSENCE & WITHDRAWAL FROM THE UNIVERSITY

Leave of Absence

Students who must discontinue matriculation temporarily (by not taking any classes in a fall or spring semester) should talk with their advisor and complete a Leave of Absence/Withdrawal form, available on the Grad Center website: <http://questromworld.bu.edu/gradcenter/essentials/forms/>. If a student has submitted the Withdrawal/Leave of Absence Form or signed request for a leave of absence prior to the start of a semester for which they had previously registered, the charges for that semester will be canceled. If the semester has already started, the student may be entitled to a partial refund.

Students on a leave of absence are encouraged to notify their Grad Center advisor at least 4 weeks prior to resuming their studies in a given semester. Likewise, students should notify their advisor if they decide not to return to the program. A leave of absence does not extend the time frame for making up outstanding coursework related to an Incomplete grade. A leave of absence cannot extend beyond four semesters and does **not** extend the six-year time limit for degree completion. If students do not return after four semesters, they will be withdrawn from the program.

Leave of Absence for Medical Reasons

University policy requires that a student “seeking to re-enroll after a medical leave must demonstrate to the University that the student’s health permits the successful completion of studies.”

Voluntary Withdrawal

Students who wish to withdraw from the PEMBA program should talk with their advisor and complete a Leave of Absence/Withdrawal form, available on the Grad Center website: <http://questromworld.bu.edu/gradcenter/essentials/forms/>. If a student has submitted the Withdrawal/Leave of Absence Form or signed request for withdrawal prior to the start of a semester for which s/he had previously registered, the charges for that semester will be canceled. If the semester has already started, the student may be entitled to a partial refund.

Withdrawal for Non-Payment

Students who have not settled their student account by the fifth week of classes during the semester, or by the first week of summer sessions, have a hold placed on their account and may be withdrawn for non-payment by the Comptroller's Office. Students who wish to settle their account in order to be officially registered must do so through Student Accounting Services (<http://www.bu.edu/studentaccountingservices/>).

Academic Withdrawal

To be in good academic standing, MBA and dual degree students must maintain a cumulative grade point average of 2.70 or above.

MBA and dual degree students with a Questrom CGPA *less than 2.55* after 8 credits attempted will be informed that they have been flagged for withdrawal from the program. All withdrawal cases come to the PDC for a final review. As input into the PDC decision regarding permanent academic withdrawal, the student has the opportunity to provide a written statement explaining their academic performance. A PDC decision for permanent academic withdrawal is final and no appeals to the PDC beyond the Student Statement are allowed.

MBA and dual degree students with a Questrom CGPA *less than 2.70 but equal to or greater than 2.55* after 8 credits attempted will be placed on academic probation. The PDC determines the terms of the probation. To remain in the program, students must make progress as outlined in the probation plan.

Withdrawal for Inappropriate Student Behavior Including Academic Misconduct

While matriculated in the PEMBA Program, all students are expected to exhibit appropriate behavior. Any student who exhibits behavior that violates the rights of others and/or the standards of academic life will be brought before Questrom’s Academic Conduct Committee, as outlined in the University’s Academic Conduct Code, or the University’s Office of Judicial Affairs, as outlined in the University’s Code of Student Responsibilities. Students may be suspended or expelled at the discretion of the Committees.

ADVANCED STANDING

PEMBA Advanced Standing Waivers

Students enrolled in the Questrom School of Business PEMBA Program (excluding Accelerated Core students) may be eligible for an Advanced Standing Course Waiver of a required core class based on: (1) previous completion of at least four courses in the core course area or (2) demonstration of competency. Students who achieve Advanced Standing have the approved class waived, receive a notation on their transcript of receiving a waiver, and therefore reduce the overall credits required for graduation. Waived course credits do not count towards the Questrom residency requirement. Executive Skills or Career Management courses may not receive advanced standing waivers. Due to the integrated nature of the modules, Accelerated Core PEMBA students are not eligible to waive core courses.

Waiver by Undergraduate or Graduate Coursework

Students may waive a core PEMBA course if they completed a minimum of four courses with an average GPA of 3.0 or greater in the core course area from an educational institution holding US Regional or AACSB Accreditation. Students may receive advance standing for up to two core PEMBA courses.

Waiver by Competency for Select Courses

Students may waive AC711 as a (A) Certified Public Accountant, Chartered Accountant, or (B) through the passing of an Accounting Waiver Examination.

(A) With evidence of having passed the CPA exam or copy of a CPA or CA license, students may waive out of and receive academic credit for the core course AC711 Financial Reporting and Control without taking a waiver exam. If you are not sure whether you should waive this course, you may contact the Grad Center for a course syllabus to see if you are adequately familiar with the course material. CPAs and CAs who choose to waive out of AC711 do not have to take the waiver exam. For more information on this process please

visit: <http://questromworld.bu.edu/gradcenter/essentials/forms/pemba-waiver-by-petition-professional-credentials/>

(B) If a student has previously completed one financial accounting course (required) and one managerial accounting course (recommended) taken at the undergraduate or graduate levels, the student may be certified to waive AC711 through the demonstration of proficiency through a waiver exam. For more information on this process, please visit:

<http://questromworld.bu.edu/gradcenter/essentials/forms/waiver-exam-application/>

All applications are subject to individual review and approval by Questrom faculty. If it is determined that a candidate has met the prerequisite course work requirements, she/he will be allowed to take a proficiency exam for the second part of this waiver process. A candidate will be granted advanced standing if the exam performance provides sufficient evidence that the candidate currently possesses advanced knowledge and proficiency in the subject matter. This means that waivers will be granted to these candidates who demonstrate that their knowledge in the subject matter is at least as advanced as that of the typical students who perform in the top third in the class.

Candidates whose exam performances do not demonstrate sufficient advanced knowledge and proficiency will not be granted a waiver. They will not be afforded a second opportunity to sit for the waiver exam, and they will have to take the course. Waiver exam results may not be appealed.

Please note that many courses taught at the undergraduate level might not emphasize the same knowledge and critical skills that are expected from MBA students, and thus past grades are no guarantee of performance on the waiver exam. Further, having completed extensive prior course work, or having significant work experience in a relevant field is no guarantee of performance on the waiver exam.

Students who are approved to sit for the exam, but who do not take the waiver exam during the scheduled exam period forfeit the opportunity to take the exam for that semester. If students are enrolled in AC711 and decide to seek a waiver exam for the course, they must drop the course within the University's published add/drop period for that semester in order to be eligible to take the waiver exam any subsequent semester.

Students with the Chartered Financial Analyst® Designation can Waive FE722.

With evidence of a CFA® charter or having passed three levels of the CFA® exams, students may waive out of and receive academic credit for the core course FE722 Financial Management. If you are not sure whether you should waive this course, you may contact the Grad Center for a course syllabus to see if you are adequately familiar with the course material. CFA charter holders who choose to waive out of FE722 do not have to take the waiver exam.

Students who have earned a Juris Doctor can Waive PL700.

Students who have earned a JD from a US institution, or are a member of a state Bar Association in the US, can waive out of and receive academic credit for PL700 Introduction to Business Law. Students who have earned a JD from outside the US are required to take PL700, as they would still benefit from the course. If you are not sure whether you should waive this course, contact the Grad Center for a course syllabus to see if you are adequately familiar with the material.

Residency Requirements

Regardless of the number of credits transferred or waived, in order to have the MBA degree conferred, all students are required to meet their residency requirement as described in the following chart:

Degree Program	Total Credits Required	Credits That Must be Taken in Residency at Questrom
Single Degree Cohorted or Flex Track PEMBA	56	32
Accelerated Core PEMBA	52	32
Dual Degree PEMBA	32 for MBA portion (some dual degrees require more)	32**

**Dual degree students must complete 32 credits in residency at Questrom to satisfy the requirements for the MBA portion of their degree. Additional elective credits must be taken to satisfy the residency requirement in the event that a dual degree student waives courses.

COURSES OUTSIDE OF QUESTROM (TRANSFERS OF CREDIT & GRADUATE ELECTIVE REQUESTS)

New Students: Transfer of Academic Credit for Previously-Completed Coursework

Students may petition for transfer of credit for previously completed, graduate-level coursework if:

- The course was completed within the past five calendar years
- A grade of B- or better was earned in the course
- The course was completed at an MBA program accredited by the International Association to Advance Collegiate Schools of Business (AACSB). Member schools are listed at: <http://www.aacsb.edu/accreditation/AccreditedMembers.asp>
- The course was taken for credit and was not used toward the completion of another degree
- Please note that online courses are not eligible for transfer of credit.

Transfer courses may not count towards the requirements for a concentration, or towards the requirements of either the HSM or PNP program.

Courses will be considered for core course equivalency or otherwise are awarded as general elective credits. Students may transfer no more than 3 courses as core equivalents. Due to the integrated nature of the modules, Accelerated Core PEMBA students are not eligible to transfer in core courses.

Incoming students will be granted credits based on their curriculum and once credits are posted to their transcript, no changes can be made, even if the student later changes status (i.e. switches from part-time to full-time).

Transfer of Academic Credit for Current Students (while matriculated)

In addition to the requirements outlined in the “New Students” section above, current students wishing to take classes at other colleges or universities (outside of Questrom and Boston University) must abide by the following guidelines:

- Students must submit their application at least **one month before** the first class meeting
- Except under extenuating circumstances, current students cannot petition for transfer of credit for courses that are also offered in Questrom during the same academic year (fall/spring)
- Students interested in taking courses through the University Consortium should refer to the section titled “Taking Courses at Colleges/Universities in Consortium”

Process for Requesting Transfer of Academic Credit

Students can complete a Transfer of Academic Credit application on the Grad Center website:

<http://questromworld.bu.edu/gradcenter/essentials/forms/transfer-of-credit-application/>. A separate application must be submitted for each course for which credit is sought. Additionally, the following materials must accompany each application:

- An official course description
- A course syllabus (current students should obtain the most current syllabus available for a course they hope to take; new students should provide the actual syllabus for a course they have taken in the past), including a list of textbooks and supplementary readings and a course-meeting schedule indicating number of class meetings, exam dates and start/stop time of each class
- New students should submit a sealed, official transcript (unless this is already part of your admission file), and current students will submit a transcript once the course has been completed

Each application will be evaluated by a faculty chair to ensure that the course contains a level of academic content deemed appropriate for the BU PEMBA Program. The Grad Center will notify students of the status of each application by email. Approved transfer credits will be noted on the student's transcript, but will not be a factor in the computation of the Questrom grade point average, nor will grades received in transfer courses appear on students' BU transcripts.

Taking Courses at Colleges/Universities in Consortium

Boston University, Boston College, Brandeis University, Tufts University, and Hebrew College are members of a consortium that permits matriculated students from one Consortium institution to enroll in a course at another Consortium institution. Courses taken at Consortium schools do **not** automatically transfer into the Questrom School of Business. Students must go through the Petition for Transfer of Academic Credit process for consortium school courses; approval and credits awarded are strictly subject to the transfer of credit policy. Per consortium arrangements, tuition for approved courses will be paid to Boston University, excluding the summer semesters. The grade will appear on the Boston University transcript but will not be a factor in the computation of the Questrom grade point average.

To petition for transfer of credit for a consortium course, a student must:

- Discuss their plans with their academic advisor in the Grad Center
- Submit an application for Transfer of Academic Credit with required accompanying materials
- Obtain a Cross-Registration Petition Form from the Boston University Office of the Registrar. Complete the form, obtain appropriate signatures from both the home (BU) and host institution, and submit the completed Cross-Registration form to the Registrar's Office at both institutions to complete cross-registration.
- Students should submit a copy of the form to the Grad Center for their student file

Taking Graduate Electives at Other BU Schools/ Colleges - Graduate Elective Request Procedure

With prior approval, students may take management-related electives at other graduate schools and colleges within Boston University. Students should start by contacting the school/college in which they wish to take the course to determine that school's enrollment policies and deadlines. Students must then complete a [Graduate Elective Request Form](#), including an explanation of how the proposed course fits into the student's educational objectives, and submit it to the Grad Center prior to the beginning of the semester.

Questrom faculty will evaluate the application, and the student will be notified by email about whether the course has been approved. The student will then finalize the process by contacting the other school/college to formally register for the course. Credit for the course will not be applied toward the MBA degree unless the student earns a grade of B- or better, and does not count towards the 32 credit residency requirement. The grade will appear on the Boston University transcript but will not be a factor in the computation of the Questrom grade point average.

PEMBA STUDENT RECORDS & RESPONSIBILITIES

Official Student Records

Official records of PEMBA students are filed in the Grad Center, where the files are accessible only to the student, appropriate faculty, members of the respective Program Development Committee (PDC), and authorized members of the Questrom staff. Access to the student record by any individual, other than those previously mentioned, requires the written consent of the student.

Access to Student Records

A student who wishes to review the content of his/her electronic record must make an appointment with his/her Grad Center advisor. The student may review the record only in the presence of a staff member during regular office hours. If a student has waived the right to see his/her letters of recommendation, these letters will be withheld. We recommend that students view the Office of the University Registrar website at <http://www.bu.edu/reg/ferpa/> for additional information on the Family Education Rights and Privacy Act (FERPA).

Unofficial Transcript

Unofficial transcripts may be obtained via the Student Link (<http://www.bu.edu/studentlink>).

Official Transcripts

Official transcripts, which bear the seal of the University, may be requested via the Student Link (<http://www.bu.edu/studentlink>). Transcripts may be mailed express delivery for an additional charge. Please call the Transcript Office (617-353-3616) for more information or view their website at: <http://www.bu.edu/reg/academics/transcripts>.

Formal Complaints

Any student unhappy with a policy or procedure in the PEMBA program may issue a formal complaint through a personal meeting, via email or written memo. The initial recipient may be a faculty member, Dean, or Grad Center advisor. The initial complaint should then be referred to the Director of MBA Programs within 48 hours. The Director will immediately contact the complainant to hear the concerns first-hand and clarify details. The Director will call a meeting with the appropriate parties with power for resolution (i.e. Assistant Dean, Associate Dean, or faculty member). Within a week, an outcome should be reached and the student informed about resolution of concerns, if any are possible.

Academic Conduct

All students must adhere to Boston University's Academic Conduct Code, which can be found here: <http://questromworld.bu.edu/acc/>. While matriculated in the PEMBA Program, all students are expected to exhibit appropriate behavior in their academic performance. Any student who fails to do so will be brought before Questrom's Academic Conduct Committee, as outlined in the University's Academic Conduct Code, for appropriate action. Students may be suspended or expelled at the discretion of the Committee.

DEGREE COMPLETION & GRADUATION

Single-degree Cohorted and Flex Track PEMBA

To qualify for the MBA degree, students (except for dual degree students) must:

- Complete all required courses (PEMBA LAUNCH, MBA core courses, Introduction to Business Law, Executive Skills courses, and any additional requirements, such as internships required for some Public and Nonprofit Management students) and approved electives for a total of 56 credits. A student may transfer and/or waive no more than the equivalent of 24 credits. At least 32 credits must be taken at the Boston University Questrom School of Business. Note that 1-credit Curricular Practical Training (CPT) courses for international students cannot be used to satisfy MBA degree requirements. PDP (physical education) and other non-approved courses cannot be used to satisfy MBA degree requirements.
- Have a cumulative GPA of at least 2.70
- Have no “I” or “MG” grades in classes that are counting towards the MBA.

Accelerated Core PEMBA

To qualify for the MBA degree, students (except for dual degree students) must:

- Complete all required courses (PEMBA LAUNCH, MBA core courses, Introduction to Business Law, Executive Skills courses, Integrated Core Simulation, and any additional requirements, such as internships required for some Public and Nonprofit Management students) and approved electives for a total of 52 credits. A student may transfer and/or waive no more than the equivalent of 20 credits. At least 32 credits must be taken at the Boston University Questrom School of Business. Note that 1-credit Curricular Practical Training (CPT) courses for international students cannot be used to satisfy MBA degree requirements. PDP (physical education) and other non-approved courses cannot be used to satisfy MBA degree requirements.
- Have a cumulative GPA of at least 2.70
- Have no “I” or “MG” grades in classes that are counting towards the MBA.

Dual degrees

To qualify for the MBA degree, students enrolled in a dual degree program must:

- Fulfill the requirement of at least 32 credits in the PEMBA Program. If any credits are transferred or waived by exam, additional elective credits must be taken to satisfy the 32-credit residency requirement. Note that 1-credit Curricular Practical Training (CPT) courses for international students cannot be used to satisfy MBA degree requirements. PDP (physical education) and other non-approved courses cannot be used to satisfy MBA degree requirements.
- Have a cumulative GPA of at least 2.70 in the MBA portion of the program
- Have no “I” or “MG” grades in classes that are counting towards the dual degree.

Time Limit for Degree Completion

There is a time limit for completion of degree requirements of six years from the date the student matriculated in the PEMBA Program. **Leaves of absence do not extend the six-year time limit for completion.** A student may petition for an extension of the time limit for a valid reason. A [petition for exemption to policy form](#) must be completed, which will go to the Director of MBA Programs. This petition must state the reason for the request, the proposed graduation date, and the specific plan of study, including a detailed map of specific courses and when they will be taken, to complete all degree requirements. Students who do not graduate within the six-year time limit must petition for extension of

the time limit or face withdrawal from the program. Dual degree students must complete the requirements of both degrees within six years of matriculation to BU.

Concentration Completion

Students who wish to graduate with a formal [concentration](#) in Energy and Environmental Sustainability, Entrepreneurship, Finance, Leadership and Organizational Transformation, Marketing, Operations and Technology Management, or Strategy and Innovation, must complete a concentration declaration form. Students who satisfy concentration requirements will receive the corresponding designation on their transcript. Please note that completion of MBA degree requirements and completion of concentration requirements are completely separate from one another.

Applying for Graduation

All Students **must file** an [Application for Graduation](#) with the Grad Center prior to the completion of their degree requirements. Failure to meet graduation application deadlines, as outlined below, may impact a student's graduation and Beta Gamma Sigma eligibility. **It is the student's responsibility to initiate the graduation process.**

Graduation Date	Graduation Applications due no later than:
May Graduates	November 15 th - prior to graduation
September Graduates	November 15 th - prior to graduation
January Graduates	April 15 th – prior to graduation

Upon receipt of the graduation application, an Assistant Director will review the student's record to confirm anticipated completion of degree requirements. The Assistant Director will contact the student if there are any questions about his/her academic record or will send the student an email confirming his/her tentative graduation status. Students will be graduated at the end of the semester in which they have completed their degree requirements.

Graduation Dates

Boston University awards degrees three times during the year, depending upon when degree requirements have been completed.

<u>Graduation</u>	<u>Courses Completed</u>
September 25	Summer Session I or II
January 25	Fall Semester
May (main ceremony)	Spring Semester

All graduates of the previous September and January graduations, May graduates, and tentative graduates for the following September are invited to attend the Questrom School of Business Commencement ceremony in May. Questrom does not hold any other event for September and January graduates. Information about the ceremony is disseminated in the spring to the official September and January graduates and tentative May and September graduates.

Diplomas

The Diploma Office at the Office of the University Registrar prepares diplomas. Students use the Diploma and Graduation Information option on the [Student Link](#) in order to confirm the name to appear on the diploma, and how they wish to pick up their diploma. Students who do not plan to attend the

May Commencement ceremony must indicate on the Student Link if they want their diploma sent to them or if they wish to pick it up at the Diploma Office.
